Hack BI VII
[Hackathon]

Get Started : (What software is required for participants of the workshop)
a functioning brain, neuralink chip (optional, but recommended)

Uses: (How is the topic of your workshop used)
convincing school administrators to allow you to have a hackathon, learn how to actually do it, and convince other people to come

Purpose: (Why would someone want to attend your workshop)
to start a hackathon at your school

Goal: (What are you teaching and what do you want attendees to know after your workshop)
how to run a hackathon

Topics: (What are the main topics you will cover in your workshop)
simple git commands – add commit push pull, how to make a github account

Resources Used: (Resources that are helpful in learning about your workshop topic)
my experience
